

Te Ara Reo Māori

Level 2

Learn how to speak the Māori language in a fun and supportive environment.

This programme is our part-time study option. It's designed to provide you with more flexibility to learn te reo Māori at a slower pace without the impact to your lifestyle commitments.

Start to become confident putting your new conversational skills to use by learning about different tense markers that help you to describe when things have happened, and asking and answering basic questions.

You'll also be able to identify, describe and explain -at a foundational level- various parts of the marae, people and visiting different places.
